EPOXY Two-Part Kits

NOT YOUR ORDINARY EPOXIES

These epoxies are formulated to mold into any shape required during a repair. Can be used in overhead and vertical applications and *will not run or sag like syringe epoxies.*

SUPERMEND[®]

A versatile, all purpose, rapid epoxy repair paste that works on wet and dry surfaces. Available in 4 oz (118 mL) and 16 oz (473 mL) kits.

- Adheres to glass, ceramic, tile, wood and metal.
- Withstands heat up to 150°F (66°C).
- Fills holes and cracks of any size or depth.
- Repairs gutters, steps, sun decks, concrete floors and walls, tanks, window sills, etc.

MARINE FIX[®] FAST

This epoxy paste is designed for extra fast emergency repairs. High-impact resistance ensures superior performance under continuous pounding in marine environments. *Even under water!* Available in 2 oz (59 mL) and 4 oz (118 mL) kits.

- Adheres to fiberglass, wood, aluminum and metal.
- Withstands heat up to 190°F (88°C).
- Fills gouges, voids, cracks and holes permanently.
- Repair dry and gel coat blisters, replace trim and more.

SUPERWELD[®]

An epoxy paste specially designed for auto body and other metal repairs. Fused with lightweight metal particles and unaffected by oil, grease and fuel, this epoxy offers cold welding repairs. Available in 2 oz (59 mL) and 4 oz (118 mL) kits.

- Adheres to metal, metal castings, fiberglass and most plastics.
- Withstands heat up to 250°F (121°C).
- Repairs cracked engine blocks, casing defects, metal stampings, radiator seams, farm machinery, gas line intake fittings, transmission casings, bicycles and more.

EPOXY COATINGS

from Eclectic Products, Inc.

TWO-PART KITS

Two different epoxy kits for specific projects — one is a waterproof epoxy sealer and protector and one is an ultra-clear, high gloss finish.

COAT-IT® A specialty, waterproof epoxy sealer offering superior abrasion resistance through its reinforcement with Kevlar® fibers. This waterproof epoxy may be applied in cold weather and cures 70% faster than other brands! Available in 2 lb (0.9 kg) and 8 lb (3.6 kg) kits.

- Easy mixing, just pour Part B (small container) into Part A (large container) and stir.
- Has a 30 minute work time before curing.
- Fills and seals hidden leaks in aluminum, steel, fiberglass, wood decks, hulls, tank troughs and more.
- Use as barrier coating for boat bottoms, truck beds, canopies and more.

GLAZE COAT® An epoxy coating that is an ultra-clear, high gloss finish. Ideal for home improvement and craft projects!

Available in Pint (0.50 L), Quart (0.90 L) and Gallon (3.78 L) kits.

- Forms a high gloss and clear finish for tables, counter tops and wood projects.
- Consumer-friendly with easy to mix 1:1 ratio.
- One pour equals 60 coats of varnish.
- Applies easily.
