

V. HEALTH HAZARD INFORMATION

PRIMARY ROUTES OF EXPOSURE:

Dermal

ORAL LD50:

(Rat) 3.2 G/Kg (Component)

DERMAL LD50:

(Rabbit) >3.0 G/Kg (Component)

SKIN IRRITATION:

(Rabbit) Severe irritation

EYE IRRITATION:

Severe irritation

SENSITIZATION:

Moderate sensitizer

OVEREXPOSURE EFFECTS:

Overexposure to this material may cause severe skin and eye irritation and, if prolonged, can result in chemical burns. Can cause allergic skin reactions. A component in this product in animal studies did cause effects on the developing fetus.

MEDICAL CONDITIONS AGGRAVATED BY EXPOSURE:

Allergy, eczema or skin conditions

EMERGENCY AND FIRST AID PROCEDURES – EYES:

For eye contact, immediately flush eyes for at least 15 minutes with running water. Hold eyelids apart to ensure rinsing of the entire eye surface and lids with water. Get immediate medical attention.

EMERGENCY AND FIRST AID PROCEDURES – SKIN:

For skin contact, wipe away excess material with dry towel. Then wash affected areas with plenty of water, and soap if available, for several minutes. Get medical attention if irritation occurs.

EMERGENCY AND FIRST AID PROCEDURES – INGESTION:

If swallowed, give at least 3-4 glasses of water, but do not induce vomiting. If vomiting occurs, give water again. Do not give anything by mouth to an unconscious or convulsing person. Get medical attention. Have physician determine whether vomiting or stomach evacuation is necessary.

EMERGENCY AND FIRST AID PROCEDURES – INHALATION:

If inhaled, remove from area to fresh air. Get medical attention if respiratory irritation develops or breathing becomes difficult.

EMERGENCY AND FIRST AID PROCEDURES – OTHER:

Promptly remove wet contaminated non-impervious clothing. Wash before reuse.

VI. REACTIVITY DATA

Stability: Stable Unstable

Incompatibility (materials to avoid): Strong oxidizers and acids

Hazardous polymerization: May occur Will not occur

Conditions to avoid: N/A

Hazardous decomposition products (including combustion products): Carbon monoxide, carbon dioxide and nitrogen oxides

VII. SPILL, LEAK AND DISPOSAL PROCEDURES

Spill response procedures (include employee protection measures): Not Applicable

Preparing wastes for disposal (container types, neutralization, etc.): Dispose in accordance with Federal, State and local regulations.

NOTE: Dispose of all wastes in accordance with federal, state and local regulations.

VIII. SPECIAL HANDLING INFORMATION

Ventilation and engineering controls: Good mechanical ventilation recommended

Respiratory protection (type): If needed - organic chemical cartridge respirator

Eye protection (type): Not applicable for splashing. Do not rub eyes with contaminated hands.

Gloves (specify material): Good quality latex gloves

Other clothing and equipment: Not Applicable

Work practices, hygienic practices: Avoid contact with eyes. Wash all tools and hands with warm water and soap.

Other handling and storage requirements: Not Applicable

Protective measures during maintenance of contaminated equipment: Not Applicable
