# You Will Need:

- spray bottle with soap and water solution
- razor blade scraper/single-edge razor blades
- razor blade knife (Snap-Off or Exacto)
- straight-edge ruler length of the longest window
- squeegee (4" wide Smoothie Squeegee)

## **Window Films**

Use **TAP Auto-Tint Film** on cars, vans, buses, station wagons, and boats. For homes and commercial buildings, use TAP Solar Control Window Film which is available in a variety of styles.

Use **TAP Film-Off** to remove old window film. Ask your TAP salesperson for information.

### Do...

- ...do handle film carefully when cutting and fitting.
- ...do apply film out of sunlight, at temperatures between 40° to 90°F.
- ...do wash film only with Window Film Cleaner & Preservative.
- ...do start with flattest window to gain experience.
- ...do apply to a clean, lint-free surface.

## Don't...

- ...don't crease or dimple film.
- ...don't cut with scissors. Use sharp razor blade for the final trim. You may have to change the blade several times to ensure a clean-cut.
- ...don't roll windows down for 48 hours. Allow film to adhere permanently.
- ...don't use on acrylic plastic windows.
- ...don't clean with solvents, ammonia cleaners, vinegar solutions, or abrasive materials.
- ...don't apply in direct sunlight.

# **How Is TAP Auto-Tint Different From** Other Films?

- Scratch Resistant: TAP Auto-Tint Film, can actually stand up to steel wool. It will continue to look good no matter how many times you roll windows up and down.
- Fade Resistant: UV light turns most auto-tints blue or purple in as little time as a few months. TAP Films are manufactured with a special process to protect the color of the film for years. This process also protects your car's interior from damaging UV rays.
- Bubble Resistant: UV light also destroys many film adhesives, causing the film to form ugly bubbles and blisters. TAP Film has a special UV resistant high-performance resin adhesive to ensure a long bubble-free life.

Auto-Film from TAP is designed for the do-it-vourselfer who wants professional quality and a film that will last for vears.

Since TAP has no control over working conditions or workmanship, our liability is limited to the price of product.

**PRODUCT BULLETIN** 

**Auto-Tint** 

**Window Film** 

#### COMFORT...

Auto-Tint is like having sunglasses for your car—filtering out the sun's ultraviolet rays—reducing glare and visual fatigue.

#### ECONOMY...

Auto-Tint makes your car's air conditioner more efficient by keeping the interior cooler. You use it less and save on gas.

#### SAFETY...

Auto-Tint adheres to the inside of your windows and reduces the risk of flying glass in the event of an accident.

#### PROTECTION...

Auto-Tint filters virtually all of the sun's damaging ultraviolet rays that fade fabrics and cause vinyl to dry out and split.

#### APPEARANCE...

Auto-Tint provides rear-seat privacy; that expensive limolook; and reduces the inside temperature of the car.
