**TAP Plastics Inc**

Quality Products Since 1952

TAP Premium Pigment for  
Laminating and Casting with  
Polyester and Epoxy Resins

**Instructions:**

Use approximately 1 oz of pigment per quart polyester resin.

...for epoxy use 25% less pigment.

...for gel coat, use approximately 2 oz pigment per quart resin.

Pigment improves FRP UV Resistance.

Blend pigments for custom colors.

Store product in a cool place.
